### Portable Power

Table Height Charging

A blended charging solution for collaborative spaces. It combines USB-A and USB-C at table height, with battery powered, cordless power. Portable Power turns any environment into a collaborative space, allowing multiple users to connect phones and tablets anywhere in the room.

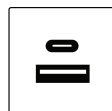

### FEATURES

**Portable Power**

**Outdoor Charging**

**USB A+C**

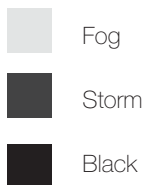

**UL Listed**

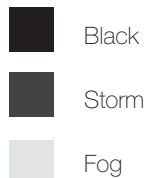

### FINISHES

Available in multiple powder coated options with plastic trim in a variety of colors.

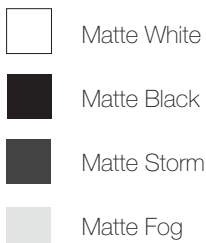

#### Standard Trim in Molded Plastic

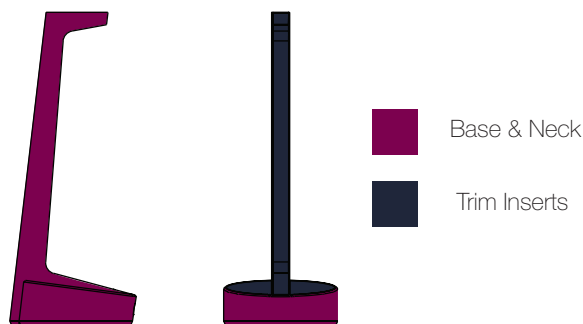

#### Optional Cargo Net Accessory

#### Base & Neck Powder Coat Aluminum

### FINISH AREA

Colors above represent different material areas that change depending on the finish chosen.

### CONFIGURATION

3 ports for USB-A and 1, 18 Watt USB-C. A barrel connection in the front of the unit or pogo pins in the bottom to connect to the charging base will recharge the battery. LED lights on the top of the unit indicate the charge level of the battery and notify of charging state. When all 4 lights are on, the battery is fully charged.

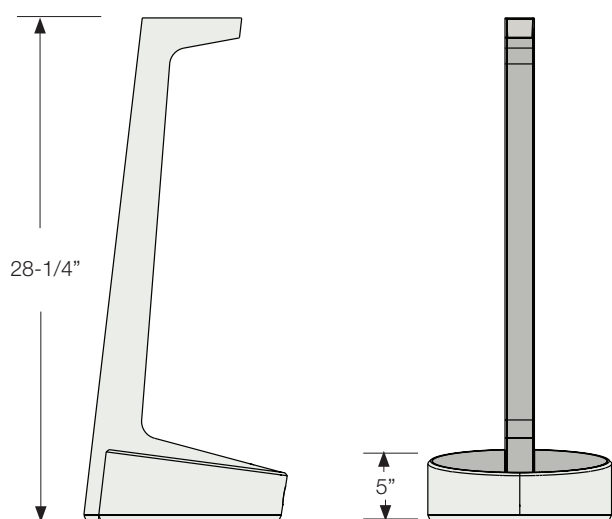

## 3.2V 40 Ah LITHIUM IRON PHOSPHATE

40 Amp Hour battery with a 128 Watt Hour capacity. For optimal use, it should be charged every night.

We've estimated that this portable battery can charge (from dead to full) about 12-14 average sized smart phones.

Please note: these figures are only estimates and have not been tested by a third party.

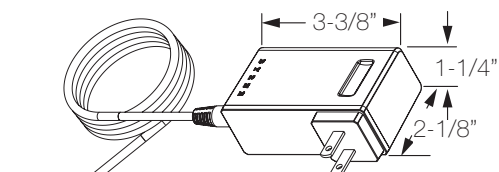

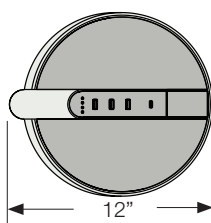

## SPECIFICATIONS
