

Our Offering

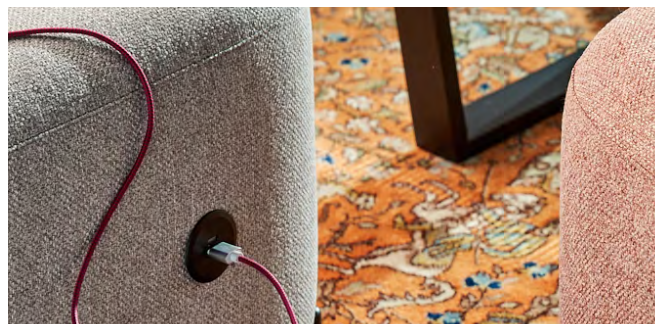

Every space has a story. In hospitality environments, design is intentional, supporting culture and brand. Byrne's nearly limitless styles and features can help you tell that story—using the same products that allow your guests to make powerful connections with technology and each other.

Furniture Power | Radius Collection

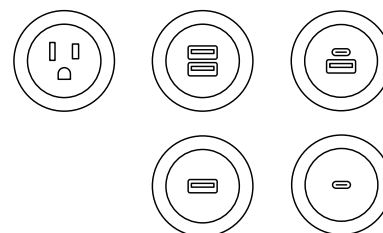

SINGLE PORT

Radius Furniture Power

FINISHES

A 1- 3/4" cutout installation, available with spill-proof power, fast charging USB-A, USB-C, or combination USB A+C.

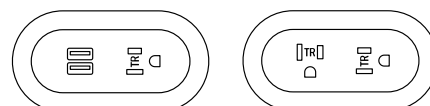

2 PORT

Radius Furniture Power

FINISHES

Perfectly proportioned for hard-to-power spaces. With friendly curves and a clean, modern profile, a modest 2-port design is just the thing to keep people comfortably connected in social spaces. Specifically designed to power soft seating and other furnishings, it's smooth, stylish simplicity at its best.

HEADBOARD

Radius Furniture Power

Bezel

Inlay (Optional)

FINISHES

The lowest profile, vertical mounted power, designed to fit in even the slimmest surfaces. Includes Tamper-Resistant Power, Dual USB ports and an optional on/off lighting control switch.

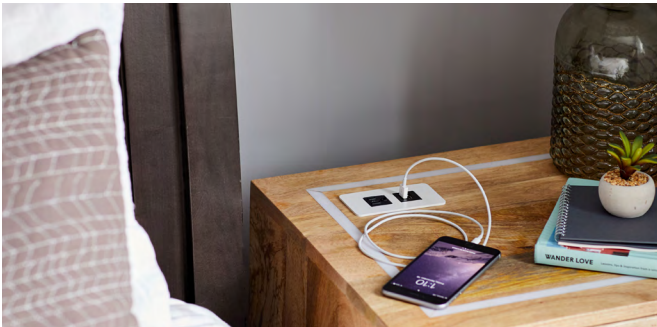

Furniture Power | Parallel Collection

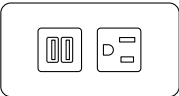

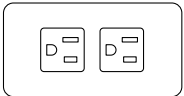

2 PORT

Parallel Furniture Power

FINISHES

With a sleek profile and modest footprint, this little dynamo is ideal in tight spaces. MiniTap's Face Mount, Hidden Mount and Clamp Mount options even make it a natural in upholstered furniture applications, and its matte powder coated finishes complement any environment. The flexible port design also allows for multiple power and USB configurations. Everything you need, nothing you don't. That's MiniTap.

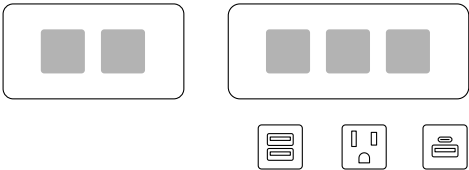

2+3 PORT Parallel Furniture Power

FINISHES

With a flush mount profile, and patented tamper-resistant outlets, it's a sleek and safe choice for side tables and desking surfaces. Available in a simple two- or three-port design with options for both power and USB. Affordable construction and a classic finish palette, it's one smart hospitality solution.

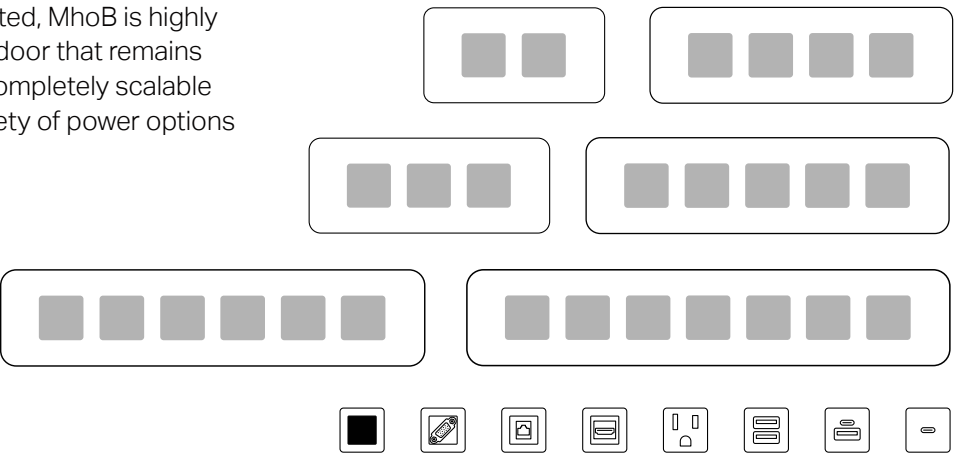

POP UP 2-7 PORT Parallel Furniture Power

FINISHES

Retractable and durably constructed, MhoB is highly functional with a fluid, one-touch door that remains open during use. MhoB offers a completely scalable solution - from 2 to 7 ports, a variety of power options and data configurations.

Furniture Power | Wireless Charging

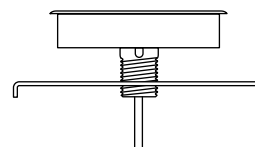

SURFACE MOUNT QI

FINISHES

Wireless Charging

With the magic of wireless inductive charging at its center, our Qi Grommet takes easy to a whole new level. The sleek grommet design can be quickly installed in any solid surface, and once in place, provides cord-free, tangle-free power for any Qi-enabled device. Forget packing your own charger, simply place your smart-phone or tablet on our chargers surface and it's powering up – all from a single outlet.

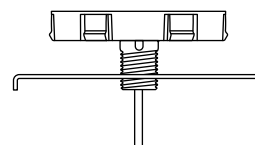

BELOW SURFACE QI

FINISHES

Wireless Charging

This hidden installation is installed beneath any table, and once in place, provides cord-free, tan-gle-free power for any Qi-enabled device. No hole, no clutter – just the same smooth surface you started with. (Stickers that indicate where to charge are included.) Simply set down your smartphone or tablet where needed and you're powering up.

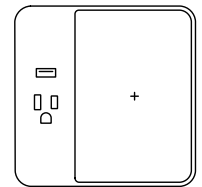

QI + POWER + USB

Wireless Charging

Plug in your laptop, use USB to power up your tablet, and wirelessly charge your Qi-enabled device—all at the same time. That's fast charging, right where you need it, however your device connects to power. With wireless charging, there's no need to carry your power cord with you. Just place the phone on its soft touch surface, and you're connected—convenient and clutter free. But if your device still needs to plug in, Byrne HQ can do that too.

Portable Power | Battery Charging

TABLE TOP

Portable Power

This portable battery charger allows you to charge up to three devices—without a wall or outlet in sight. Missing the conversation because your phone has you tethered to the wall? Rearranging furniture to get to an outlet? Now you can collaborate, share new ideas, work wherever you feel inspired (even outside), and power your devices—all at the same time.

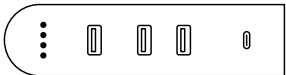

TABLE HEIGHT

Portable Power

FINISHES

Vesta's portable battery charger can turn any space into a collaborative space, providing mobile power where normal outlets fail to reach. It brings table height, charging USB perfectly within arm's reach, even outdoors. With Vesta, you can get together, plug in, and get to work – wherever you work.

Retrofit Power | Furniture Mounts

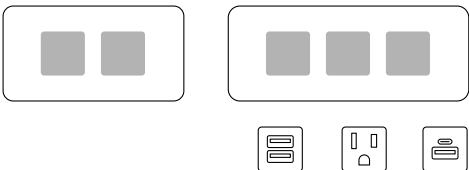

2 + 3 PORT

Retrofit Power

FINISHES

Simple edge mounted design, with it's patented tamper resistant outlets, makes it safe and easy to install power and USB. Available in two or three ports with options for power or power and charging USB.

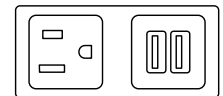

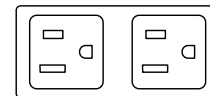

2 PORT Retrofit Power

FINISHES

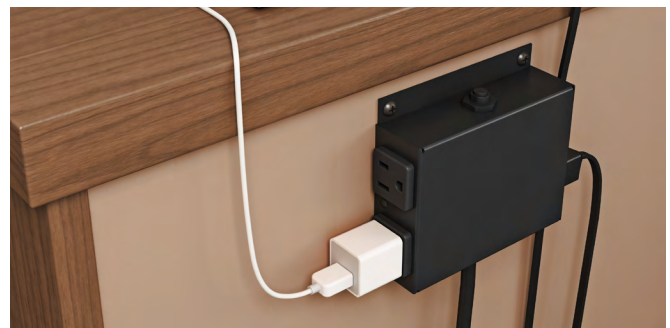

Minitap provides a 2 power option that can be mounted, with a key slot mount, slide mount, or fixed mount, putting the power near the edge of the work surface. A great option for those applications where the desire is to not cut into the work surface and still offer power.

4 PORT Retrofit Power

FINISHES

In a world where there never seems to be enough outlets to power everyday gadgets, Quadtap is a convenient and stealthy ally. Easily hidden behind or beneath a piece of furniture, Quadtap acts as the perfect middleman providing power to electrical accessories without bulky extension cords or adding outlets.
